Years with your company 7.5

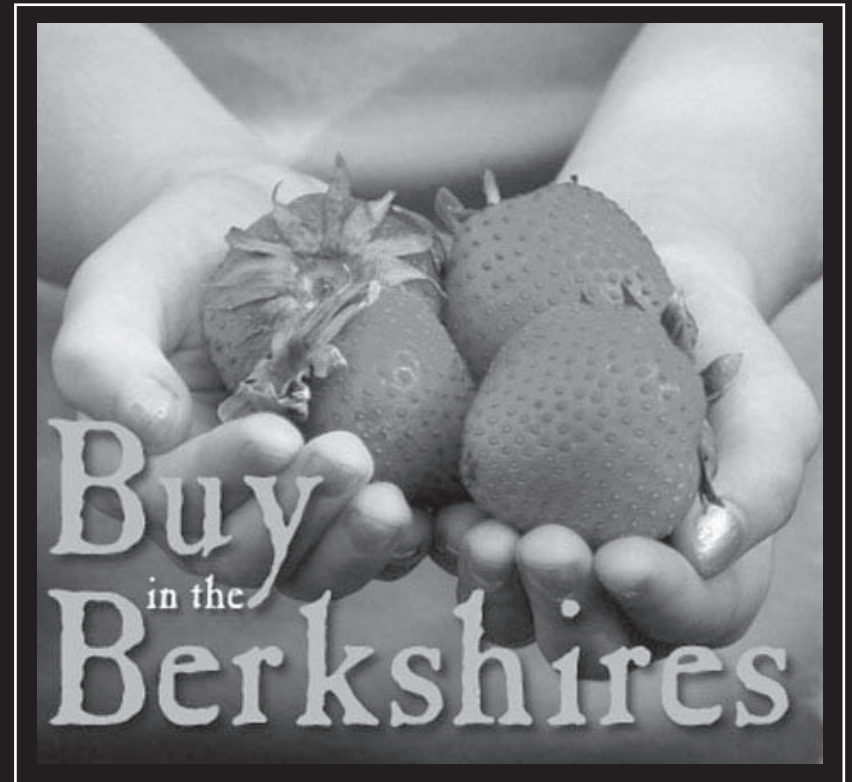

Two or three sentences about what you do. I assist employers with their recruitment needs and promote career opportunities to the career center customers and staff. I also serve as a liaison between employers and the commonwealth's workforce development programs to ensure that area employers are aware of all the opportunities the workforce system has to offer. Additionally, I am responsible for marketing the career center and its programs to job seekers and employers.

How long have you been volunteering with the Berkshire Chamber? Since 2007

Why are you a Berkshire Chamber volunteer? Participating in the Berkshire Leadership Program was a life changing experience for me. I have met some of my best friends through the program, made valuable networking and business connections, and learned more about the area I now call home.

Tell us about your best experience as a volunteer. I always enjoy helping with the annual Berkshire Career Fair, but being Chair of the Berkshire Leadership Program this year tops the cake! We've made some exciting changes to the program this year. Implementing these changes, working with a great steering committee, and meeting the Class of 2012 has been an incredible experience.
